NOVIG Platform Safe Zone Reference

Photoshop overlay (.jsx) files | All values in pixels | March 2026

VERTICAL FORMAT — 1080 x 1920 px (9:16)

PLATFORM	JSX FILE	OVERLAY COLOR	TOP	BOTTOM	LEFT	RIGHT	SAFE AREA
TikTok TopView	safezone_tiktok.jsx	#3C3C3C Dark Gray	Ph1: 240px Ph2: 240px	Ph1: 240px Ph2: 660px	120px	Ph1: 120px Ph2: 300px	Ph1: 840x1440px Ph2: 660x1020px
Instagram Reels	safezone_instagram.jsx	#FF4FA0 Pink	269px (14%)	672px (35%) + Disclaimer: 768px (40%)	65px (6%)	65px (6%) + Eng. col: 227px	Polygon 788x979px upper + 788x96px lower strip
YouTube Shorts	safezone_youtube.jsx	#FF2D2D Red	288px	672px	48px	192px	840x960px
Snapchat	safezone_snapchat.jsx	#FFD400 Yellow	150px	150px	60px	60px	960x1620px
Facebook Reels	safezone_facebook.jsx	#1877F2 Blue	269px (14%)	672px (35%) + Disclaimer: 768px (40%)	65px (6%)	65px (6%) + Eng. col: 227px	Polygon 788x979px upper + 788x96px lower strip

HORIZONTAL FORMAT — 1920 x 1080 px (16:9)

PLATFORM	JSX FILE	OVERLAY COLOR	TOP	BOTTOM	LEFT	RIGHT	SAFE AREA
YouTube Horiz. Video Ads	safezone_youtube_horizontal.jsx	#FF2D2D Red	38px*	387px	38px*	162px*	Irregular polygon*

TikTok Ph1 = open screen (first 3s). Ph2 = in-feed after 3s — USE Ph2 FOR LOGO PLACEMENT (more restrictive). All TikTok values scaled x1.5 from 720x1280px official canvas. YouTube Horizontal: irregular polygon — left notch 496x183px (channel info), right notch 475x133px (video controls). Instagram/Facebook Reels: IRREGULAR POLYGON safe zone — engagement column (21% wide x 40% tall) cuts into lower-right. Meta Disclaimer Ads rule: if using a disclaimer, the FULL-WIDTH bottom 40% (768px) must also be clear of logos/text — shown as orange dashed layer in the JSX. Meta uses one universal 9:16 safe zone spec for all Facebook and Instagram placements.
